

Worry Monster sprang out of bed.

'How can I leave you alone when you're starting a new school tomorrow?'

'There are so many buildings.
You could get lost!'

Archie's head throbbed.

'What if I can't find
my classroom?' He hugged
Brown Teddy.

Archie longed to climb into bed with Mum and Dad. Worry Monster was scared of them, and would quickly leave.

But Archie was a big boy now and he thought it was time to handle Worry Monster by himself.

"FACT ONE: I can't get lost
because my new school only
has five classrooms."

Archie folded his arms and scowled
at Worry Monster.
