

CONTENTS

Foreword		v
Introduction	The principal as leader of teacher professional learning	1
	Articulating longer term vision	3
	The theme of teacher professional learning	7
Practice 1	Quality classroom learning experiences as a focus of teacher professional learning	13
	Tasks should be challenging	18
	Choosing classroom tasks	23
	Summary and implications for professional learning	26
Practice 2	Improving student learning by addressing the structure of lessons	31
	An illustrative template for lessons focusing on understanding: Active teaching	33
	An illustrative template for lessons focusing on understanding: Purposeful games and puzzles	35

	An illustrative template for lessons focusing on problem solving: Imagined representations	38
	An illustrative template for lessons focusing on reasoning: The ‘What if?’ template	41
	Some elements common to each template	43
	Some elements of the ‘Fractions of chocolate’ lesson	46
	Summary and implications for professional learning	50
Practice 3	The development and use of learning sequences to inform high-quality classroom learning	53
	Summary and implications for professional learning	61
Practice 4	Teacher professional learning that focuses on grouping practices	63
	Accommodating the diversity of readiness in school and classroom grouping structures	67
	Ways of dealing with difference while maintaining a coherent and inclusive class community	71
	A promising approach to intervention	74
	Summary and implications for professional learning	77
Practice 5	Teacher professional learning that focuses on classroom culture	79
	Embracing challenges consistently	80
	Norms of activity	82
	Social interactions	83

	Summary and implications for professional learning	84
Practice 6	Improving learning through supported collaborative planning processes	87
	Planning assumptions	88
	Collaborative planning informed by research	89
	Summary and implications for professional learning	94
Practice 7	Professional learning focusing on six principles of effective mathematics teaching	97
	Principle 1: Setting goals	98
	Principle 2: Making connections	100
	Principle 3: Fostering engagement	102
	Principle 4: Differentiating challenges	103
	Principle 5: Structuring lessons	104
	Principle 6: Promoting fluency and transfer	106
	Summary and implications for professional learning	107
Conclusion		109
