## Instructions

Webber *BIG Box of Hidden Pictures for Vocabulary* is designed to help children develop and expand speaking and listening vocabularies in a fun way! Have the child circle the hidden pictures with the wet-erase markers. There are over 480 vocabulary words arranged in six easy-to-use sections:

- Animals
- Foods
- Around the Home
- Transportation
- Clothing
- X-tra Fun

To use as an expressive language activity, have the child define the object, use the word in a sentence, etc. You can also ask expansion questions such as: Do you like the item? Do you or your family own the item? Why does it belong in this category? Would it fit in another category as well?
