

Comparing & Contrasting from Paragraphs

1

Read (or listen) to the paragraph and answer the questions.

Johnathon and Kyle are best friends. They both play on the same soccer team, the Phoenix Snipers. Johnathon is the team's goalie, while Kyle plays wingback. Kyle is a dedicated athlete who always gives his best during practice. Johnathon, on the other hand, struggles with showing up to practices on time and is easily distracted while on the field. Johnathon and Kyle both want to win their games each weekend.

- In what ways are Johnathon and Kyle the same?
- In what ways are they different?

RL 5.3

Read (or listen) to the paragraph and answer the questions.

Tyrell and Jeana are brother and sister. They both attend school at Haley Elementary. They ride their bikes to school each day. Jeana has a red bike, while Tyrell owns a green one. Jeana rides her bike faster than Tyrell, but she knows that they need to stay together, so she makes sure not to go too fast. Once they get to school, they lock their bikes to the bike rack and share a lock.

- How are Jeana and Tyrell's journeys to school the same?
- How are they different?

Read (or listen) to the paragraph and answer the questions.

Mrs. Gill and Mrs. Motes both made fruit tarts for the annual neighborhood spring auction. Mrs. Gill made a homemade raspberry tart and sprinkled the top with powdered sugar. In contrast, Mrs. Motes made a delicious blueberry tart which is served with a scoop of vanilla ice cream. Both desserts will be auctioned off tonight, and the money earned from the auction will go toward the neighborhood's park equipment.

- In what ways are the desserts the same?
- How are they different?
