

**Someone makes a
sarcastic
remark to you
about your
appearance.**

**You're studying in the
library and
someone makes
irritating noises at a
table near you.**

**You are trying to
assemble
flat-pack shelving
for your
bedroom and just can't
understand the instructions.**

An elderly man at the bus stop

**pushes past you to get
on the busy bus even
though you have been
waiting for it before he
got there.**
