Every day after school, my mom takes my brother and me bike riding in our neighborhood. We always put on our helmets to be safe, then we ride down the street and around the corner. Sometimes, we play *Follow the Leader* and everyone has to imitate what the first person on the bike does. My brother took his feet off the pedals, so the rest of us did the same thing!

1. **Who** is riding their bikes?
2. **What** do they wear to be safe?
3. **Where** do they ride their bikes?
4. **When** do they ride their bikes?
5. **Why** are their feet not on the pedals?
